List of TSWS Supportive Doctors and Practitioners

***IMPORTANT: Please note that ITSAN has not vetted these healthcare providers independently. These practitioners have been suggested as “supportive” by members of the ITSAN community. This usually means supporting your wishes to use a ‘no steroid’ approach; they are not necessarily likely to be familiar with TSWS (Topical Steroid Withdrawal Syndrome).

Please consider confirming their perspective on TSWS before booking an appointment.

Please let us know if you think a provider should be added or removed from the list or a comment added by writing to info@itsan.org

*By using this list, you agree to not publish this information.

(to search, usually Ctrl-F will bring up a search field; enter your country to see if any doctors have been recommended in your area by other members)
